**CRCHC TO HOLD GROUNDBREAKING EVENT FOR EXPANSION OF
ITS MCGILL CLINIC**

Concord, NC - Cabarrus Rowan Community Health Centers, Inc. (CRCHC), is delighted to announce its groundbreaking event for the expansion of McGill Family Medicine on Wednesday, June 29, 2022, at 10 am located at 202 McGill Ave NW, Concord, NC 28025.

CRCHC has been awarded \$611,000 to expand McGill Family Medicine to continue to tackle the spread of COVID and expand access to care through HRSA American Rescue Act. CRCHC will undertake a construction/expansion project to add on to its existing site at McGill Family Medicine, 202D McGill Ave NW, Concord, NC 28025. This expansion will increase square footage of medical and non-medical space at the site by a total of 2,366 sq. ft. The add-on space, once completed, will include: 3 dental exam rooms; 1 dental x-ray room; 1 dental lab room; 3 medical exam rooms and 1 triage exam room; 1 vaccination/testing/freezer room; 2 offices; 1 nursing station; 1 call center; 1 workflow processing area; and 2 bathrooms. The space to be renovated is currently an unoccupied landscaping area next to the existing building. The expansion will also improve patient flow for COVID-19 testing, vaccines, oral health and urgent care matters, enhancing CRCHC's ability to rapidly respond to pandemic-related and other emergency scenarios.

“This funding opportunity is a major investment in health center infrastructure. Modernization will significantly increase access to affordable, high-quality, primary health care services in underserved communities across the nation; services that are essential during this pandemic. With this funding, CRCHC is afforded the opportunity to directly improve the health outcome of our patient population we serve. We anticipate starting and completing this project by the end of 2022”, said Don Holloman, M.Ed., CHCEF.

Cabarrus Rowan Community Health Centers, Inc. (CRCHC) is a Federally Qualified Healthcare Center (FQHC) community-based nonprofit 501 © 3 organization founded in 2003 and dedicated to positively impacting the health of the community one patient at a time. CRCHC serves more than 15,000 clients annually through a network of eight locations across Cabarrus and Rowan counties in North Carolina that provide quality medical, oral health, behavioral health and ancillary services, without regard for a patient's ability to pay, and serves as a community resource for eliminating health disparities.
