**Concord, NC** – *Cabarrus Rowan Community Health Centers is proud to announce its new dental mobile unit.*

The world of dentistry has seen a shift in the protocols dentists use to provide care for their patients. Dental health is often overlooked; however, it is a vital aspect of overall well-being. Oral health plays a significant role in our daily lives, including the ability to eat and speak properly. Maintaining good dental health helps prevent tooth decay and gum disease, which are the leading causes of tooth loss in adults. Regular dental check-ups and cleanings can catch these issues and prevent them from progressing. When it comes to healthcare, access and affordability are key elements. With the introduction of CRCHC's new dental mobile unit, the organization can provide care in a variety of settings such as schools, churches, and shelters. The dental mobile unit opens new possibilities for those who may not have access to traditional dental clinics.

The unit is equipped with all the tools needed to provide comprehensive dental care. This includes specialized dental chairs, a dental X-ray machine, and other instruments needed for a full range of services. It also contains a dedicated space for restorative procedures and sterilization. It serves as a revolutionary step forward in dental care and provides an accessible, convenient option for those in need. To schedule an appointment, patients will need to call 704-792-2242.

“By prioritizing accessible dental care, CRCHC is taking a proactive approach to ensuring that everyone can enjoy a healthy smile,” said Dr. Carlton Bruce, Chief Dental Officer. “Through our new dental mobile unit, we are bringing dental care directly into the community, making it easier for individuals who may not have access to a dental office. With CRCHC's dedication to accessibility, everyone in the community can now benefit from quality dental care, regardless of their circumstances.” said Dr. Bruce.

Cabarrus Rowan Community Health Centers, Inc. (CRCHC) is a community-based nonprofit organization founded in 2003 and dedicated to positively impacting the health of the community. CRCHC serves more than 15,000 patients annually by providing quality medical, dental, and behavioral health services, without regard for a patient's ability to pay, and serves as a community resource for eliminating health disparities.
