

## CRCHC Awarded Funding for Women’s Health Services

01.25.2024 [CRCHC News](#) | [Grants and Funding](#)

**Concord, NC** – *Cabarrus Rowan Community Health Centers is proud to announce that the organization has been awarded 3-year funding to provide expanded women's health services.*

The State of NC Women's Health Grant is a program that aims to improve the health and well-being of women in North Carolina. The grant provides funding for projects that address a range of women's health issues, including reproductive health, maternal and child health, breast and cervical cancer, and domestic violence. CRCHC has been awarded 3-year funding through the State of NC Women’s Health Grant. The grant will specifically support initiatives aimed at improving access to reproductive health services, breast and cervical cancer screenings, and wellness education for women in underserved communities.

Through the State of NC Women's Health Grant, organizations can collaborate and share resources to achieve common goals. This creates a strong network of advocates and providers working together to ensure that all women in North Carolina have access to the care and support they need to live healthy, fulfilling lives.

With this funding, CRCHC will hire additional staff, purchase necessary equipment, and offer more outreach and education programs. This will enable more women to receive the care and support they need to maintain their health and well-being. The organization is grateful for this opportunity and looks forward to making a positive impact on the lives of women in the communities we serve.

“We are beyond excited to expand our women’s health services for an affordable price. By supporting innovative and effective initiatives, the grant is helping to create a brighter, healthier future for women across the state.” said CEO, Don Holloman.

Cabarrus Rowan Community Health Centers, Inc. (CRCHC) is a community-based nonprofit organization founded in 2003 and dedicated to positively impacting the health of the community. CRCHC serves more than 15,000 patients annually by providing quality medical, dental, and behavioral health services, without regard for a patient's ability to pay, and serves as a community resource for eliminating health disparities.
